Conferences Series LLC has successfully concluded its 11th World Congress on Cell Science, Stem Cell Research & Regenerative Medicine from December 07-08, 2019 in Chicago, Illinois, USA. More than 75 Geriatricians, Gerontologists, Doctors, Professors, Social workers, Health care administrators, Geriatric Care Managers, Nurses, Palliative care specialists, , Researchers and Students from around the world under a single roof, where they discuss the research, achievements and advancements in the field of Geriatrics, Gerontology and Palliative Care. The 2 days conference, held on December 07th, 8th through the leading academic Gerontologists, scientists, researchers and scholars to share their experiences and

research results about all aspects of Cell Science, Stem Cell Research & Regenerative Medicine.

11th World Congress on Cell Science, Stem Cell Research & Regenerative Medicine, 2019 was

inaugurated followed by the key note session by **Simone Pacini**, University of Pisa, Italy. The session was Chair by **Jehad Zweiri**, University of Liverpool School of Medicine, UK.

The conference's first day, featured panels on Cell Science, Stem Cell, Research & Regenerative Medicine, Translational Medicine, Ethical Issues and Challenges, Bio Imaging & Bio printing Tissues and Organs, Applications of Tissue Engineering.

The second day began with an insightful keynote session on the area of Regenerative Medicine, Cell & Gene Therapy. The conference concluded with the poster session.

**Forthcoming Conferences on 12th World Congress on [Cell Science, Stem Cell Research & Regenerative Medicine](#) Annual Meeting during November 25-26, 2020 at Rome, Italy.**

Conferences Series LLC take great pleasure in inviting the scientific community across the globe to the **12th World Congress on [Cell Science, Stem Cell Research & Regenerative Medicine](#) Annual Meeting** during November 25-26, 2020 at Rome, Italy. Rome is the capital city of Italy and furthermore fills in as the capital of the Lazio district. It is additionally the nation's most populated commune. It is the fourth-most crowded city in the European Union. This meeting will explore advances in the **Cell Science, Stem Cell Research & Regenerative Medicine**.

The upcoming [Cell Science 2020](#) focus on Cancer genomics, Plant Genomics and Molecular Plant Sciences. This conference will also present the Structural Biology, Human Genomics in field of Cell Science.

The participants can exchange and share their research results covering the scientific aspect of Stem Cell Biology, Cell Biology, [Molecular Biology](#), Translational Medicine, Ethical Issues and Challenges, Commercialization.

Conference will encourage Young Researcher's Forum, scientists and the researchers in their early stage of career graph to widely discuss their outcome so as to enrich and develop the idea. The '[Best Poster Award](#)' is meant to encourage students in taking active part in the International Science platform to sharpen their skills and knowledgebase.

The Sponsor in the **Cell Science 2020** can reach and get exposure to new clients, customer, business, brand awareness and media exposure. The sponsorship has different levels Premium [Sponsorship Packages](#): Elite Sponsor, Silver Sponsor, Gold Sponsor, Exhibition, Additional Sponsorship Packages and Advertisements. The **12th World Congress on [Cell Science, Stem Cell Research & Regenerative Medicine](#) Annual Meeting** will consist of organizing committee network of renowned scientific and professional expert such as **Larry F. Lemanski**, Texas A&M University, Texas, USA, **Mustafa Akcelik**, nkara University, Turkey.
